A Sick Man

Writes Dr. Hartman About Kidney Disease.

S. H. Hartman, M.D.

A gentleman writes me: "I was greatly interested in your article describing the Kauffmann case of serious disease of the kidneys. The description of his case exactly outlines my condition. I am sure if Peruna cured him as you say, it would cure me also. I am losing flesh rapidly and the doctors say I have every symptom of Bright's disease of the kidneys. If you think I would be benefited by Peruna I will certainly try some as the doctors have practically given me up, the same as they did him."

In reply I wish to say, first, that I never make any promises as to what Peruna will cure. No physician can make positive statements of that sort. I can say this much, however, if I were in your place I should certainly give Peruna a trial. I know of no other remedy that would be so likely to be of use to you in your present condition as Peruna. Take a tablespoonful before each meal and at bedtime. Continue this for two or three weeks and then if there is anything you wish to ask me further write me and I will give your letter prompt attention.

If I find that the Peruna is not helping you I will be perfectly frank and tell you so, for I would not have you take Peruna unless it was really helping you. But it has rescued so many cases of kidney disease that I am quite confident you will find it exactly suited to your case.

Kidney disease begins with catarrh of the kidneys. Peruna is a catarrh remedy. Unless the destruction of the kidneys is already too great, Peruna relieves the catarrh and the cause of the kidney disease is removed.

I shall anxiously await a report of your case. Remember, all letters are sacredly confidential. I never use any one's name or address without his written consent. My correspondence is absolutely private.

Peruna is for sale at all drug stores. **SPECIAL NOTICE**—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

GROTON.

A. E. Lagare is Nursing Bruises Sustained in Team Accident.

A. E. Lagare met with a severe accident Monday afternoon about 3 o'clock. He was exercising his Morgan stallion, Loupe, and in crossing a bridge near his slaughter house, a plank broke, letting one foot of the horse through and throwing Mr. Lagare over the horse to the ground. Although badly injured, he tried to extricate the horse but was unable to do so, and his calls for help were heard by Alex. McEae and Duncan Longmore, who were passing on the main road. They hastily responded to the call and soon released the horse and took Mr. Lagare home, where he has since been confined to his bed, suffering from severe bruises and lameness. The horse is not thought to have received any lasting injury.

Mr. and Mrs. Sylvanus Annis and daughter were called to Benton, N. H., Friday, to attend the funeral of Mr. Annis' brother, Moses Annis. They made the trip in the automobile of E. F. Clark.

THIS
\$12 SET
Featherweight Edition
At The Expense Of
The Barre Times

Everybody needs an encyclopedia, but heretofore the high prices have made it impossible for many to possess a set. Ordinarily the prices average about \$30 or \$40 a set, running as high as \$150 to \$200. The volumes are large and cumbersome, some sets taking up a space equal to two or three shelves in the book case. Now compare these with this feather weight edition of EVERYBODY'S CYCLOPEDIA which is less than one foot, complete. Compare the price of EVERYBODY'S CYCLOPEDIA listed at \$12 against even the cheaper set of the large, unwieldy volumes at \$30. Then consider that this newspaper assumes the manufacturing cost, allowing its readers to pay only the items of expense necessary to distribution. It then becomes a matter of comparing \$30 with \$1.98, the total expense amount required for a complete set of EVERYBODY'S CYCLOPEDIA. Is there a reader of this paper that cannot meet this expense? Is there any that can afford to be without this great reference library? It is a necessity in every home for the use of every man, woman and child—for the teacher, the student—at home or in school.

SIX COUPONS

and only the necessary promotion and expense items of distribution until this complimentary edition is exhausted, amounting to a total of \$1.98 (as explained under the Educational coupon printed daily on another page.)
